

UNITED METHODIST PRESCHOOL

Summer School 2022

GARDENING!

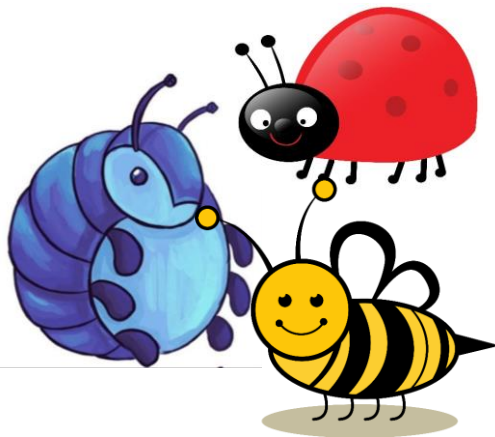

Week 1: July 5-8
Let's Plant!

Our garden is waiting for flowers and vegetables and TLC from preschoolers.

Working cooperatively students will plant and care for the garden as they delve into earth science. Garden stories & songs, lots of hands on activities, and plenty of outdoor time makes for a fun week.

Week 2: July 12-15
Bugs, Bugs, Bugs

A careful look at the bugs in the garden...become super sleuths as we use discover what lives in the garden. Hunt for bugs and make habitats for them. Become a detective and examine these bugs.

Week 3: July 19-22
Garden Art

Look what we can create cooperatively and independently using items from the garden! Sun silhouettes, prints, collage, hand art, scarf dancing, singing... art, dance and music will be highlighted this final week. We will continue to care for the garden and animal habitats.
